Thank you for booking with us on this farm experience.

What you might like to bring.

It's best to plan for all weathers, as Scotland can offer 4 seasons in one day. A quick check of the weather forecast a day before will give you a better idea of what to bring.

We suggest bringing a bottle of water which you can refill through out the day. Foot ware you dont mind getting dirty, walking boots or wellingtons are best. Its good to have a waterproof jacket and maybe trousers packed, hopefully you wont need them.
